INTRODUCTION

The Missouri Vocational Agriculture Teachers Association (MVATA) is composed of certified teachers of Vocational Agriculture who teach in the secondary, adult, and post-secondary schools of Missouri. The purpose of MVATA is to improve Agricultural Education as a profession and to improve agriculture and agri-business as vocations in the state of Missouri.

The MVATA Handbook is published to provide useful information to the teachers of Agricultural Education and to friends interested in the Association. This book is intended to provide a better understanding of the MVATA, its structure, objectives, and program of work.

The MVATA Handbook was first developed in 1969-70 and it has given excellent guidance and advice to Association members. Because of increased membership, growth in the services of Agricultural Education, changes in the vocational acts and the exhaustion of the present supply, it has been revised. This revision was made by the 1999-2000 MVATA Executive Committee and is now available on the Agricultural Education's website.

The MVATA Executive Committee

History of the MVATA

The Missouri Vocational Agriculture Teachers Association was organized in 1923; just six years after the first department of Vocational Agriculture was started. The name given the new organization was “Missouri Agricultural Teachers Association.” There is no record of a constitution being adopted at this time but the following officers served during 1923-24:

President - G. J. Dippold - Bethany
Vice President - M. R. Dunn - Kirksville
Secretary-Treasurer - Paul F. Barnes - Trenton

During 1930-31, a constitution was written and adopted. It changed the name of the organization to “Missouri Association Vocational Agricultural Teachers.” In 1932-33, the name was changed back to “Missouri Agricultural Teachers Association” and remained this way for three years. A new constitution was adopted in 1937 and the present name of the organization was established.

The early members of the organization had a tremendous task just to keep the organization alive, especially through the depression years. Salaries were low and expenses limited, but records indicate that all teachers of Vocational Agriculture gave freely of their time and money. They had to fight for every advancement in agricultural education that we take for granted today.

Vocational Agriculture began in Missouri with three departments, established in 1917, New London, Shelbina, and University High School at Columbia. Four new departments were established in 1918-19 and 35 new ones in 1919-20. Today, 291 departments serve over 23,000 high school students and many post-secondary students.

CODE OF ETHICS

1. We believe that high ethical principles should be practiced by teachers of Agricultural Education and that the influence of the Missouri Vocational Agriculture Teachers Association should be brought to bear on any teacher who acts in an unethical or unprofessional manner.
2. We believe that our profession stands for ideals, cooperation, service, and leadership.
3. We believe that we should improve ourselves professionally by accepted methods.
4. Loyalty to our organization is necessary and any criticism of its activities should be limited to our official meetings.
5. We believe that we should be cooperative with any organization in the community, which has for its purpose an educational growth.
6. We believe that our best efforts should be used for the development of the students under our guidance.
7. We believe that it is our duty to notify the State Supervisor and District Supervisor promptly when a vacancy occurs and likewise when another position has been accepted.
8. We believe that it is unethical to apply for a specific position until that position has been officially declared vacant. Application should be made through the regular channels.
9. We believe it is strictly a violation of the code of ethics for any teacher to underbid the salary of others. Position should be sought upon merit only.
10. We believe it is unethical for a teacher to neglect paying of professional dues, and that until same are paid said teacher should be deprived of membership in this organization, the privileges and benefits thereof.
11. We believe that it is unethical to make false or inaccurate reports, to the State Department regarding our salary, travel, or the accomplishments of our department.
12. We believe that a teacher and the students should adhere closely to all rules and regulations pertaining to fairs, shows, and contests and conduct themselves in a proper manner.
13. We believe that adverse criticism of fellow teachers and other organizations should not be allowed except in constructive manner.
14. We believe that the teachers should cooperate with the State Department, the Department of Agricultural Education at the teacher education institutions, the local school administrators, and teaching staff.
15. We believe new teachers in the field should contact older agriculture teachers in the area and leading citizens of the immediate community for helpful information.

ELECTION AND RESPONSIBILITIES OF OFFICERS AND MEMBERS

Election of President, President-Elect, and Secretary

The MVATA Constitution does not include a members' agreement of understanding whereby the President and subsequently the President-Elect and Secretary are rotated from one district to another. The procedure consists of a district's (when its turn arrives) nominating a Secretary. The state nominating committee places the district nominee in nomination. As stated in the Constitution, nominations may be made from the floor. The Secretary is usually nominated for President-Elect and President-Elect for President. This procedure has been practiced for the past several years even though the Constitution does not make it mandatory. The following order of rotation among districts is now used: Southwest, Northeast, South Central, Southeast, Northwest, and Central.

Executive Committee

Purpose: To carry out the responsibilities assigned by the MVATA Constitution and By-laws.

1. Preside at all meetings of the MVATA and the Executive Committee.
